

For the last 7 Sunday evenings I have attended the Cell Life Group training Sessions led by Pastor Doug. Under his guidance we learnt about the philosophy and goals of the CLG ministry. I found the information very interesting and challenging.

Pastor Doug skillfully encouraged us to open up and share our ideas and to participate in different areas, so that ultimately we would prayerfully consider forming our own group.

I strongly recommend everyone who is interested in reaching out to the community should commit to coming out on 7 Sunday evenings – to learn and prayerfully consider leading your own cell group.

Sincerely, Rita Chauhan
